

Meal Worksheet

The first step in planning your meals is determining your needs. Start by checkmarking the meals you'll need in the worksheet below. Next, write down where you would like to eat your meals—be specific (“cereal in room” or “Brown Derby at MGM”). If you're using the Dining Plan (see pages 202–203), indicate the number of snacks **S**, quick-service **Q**, and table-service **T** credits to be used per meal. Circle the meals that require reservations, then use the worksheet on the next page to make the arrangements.
